

## 2008 ANNUAL SECURITY REPORT

### INTRODUCTION

We at Baptist College of Health Sciences are concerned about the welfare, security and safety of every individual at the College. While our current campus crime statistics remain low, maintaining a secure and safe campus environment can only be achieved through a cooperative effort of the entire College community.

This publication is prepared in compliance with section 485 (F) of the higher Education Act Public Law 101-542, as amended 1992 and 1998; the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery Act) - Public Law 101-542; and the College and University Security Information Act (Tennessee law TCA 38-10-101 et. seq). The information provided herein is intended to assist the College community, working in harmony with the Campus Security, to foster a safe environment in which we can live, study and work productively.

Baptist College of Health Sciences has at total of 130 full-time employees and a student body of 929 including 88 students who live in the residence hall. The primary physical facility for Baptist Memorial College of Health Sciences is located at 1003 Monroe Avenue, Memphis, Tennessee, and contains 112,000 square feet with an atrium design. This building includes both educational facilities and residence quarters with single- and double-occupancy rooms. The facility contains classrooms; conference rooms; recreational facilities, the library; and faculty, staff, and administrative offices. The Health Sciences Library offers online indexes, an online catalog, journals, books, and various multi-media resources. It contains two student study rooms and a media room and serves as the open access site for computer usage at individual work stations.

The nursing facility is located at 1127 Union Avenue and consists of approximately 22,000 square feet of simulation laboratories, classrooms and faculty offices. Simulation laboratories provide resources for patient care simulation, including state of the art simulation mannequins.

Energized radiological science laboratories are located in the College Annex next door to the primary campus building. These laboratories allow imaging students to perfect their skills in a simulated environment prior to performing patient care. Science and respiratory care classrooms and laboratories are located approximately one block from the main facility at 22 N. Pauline.

The Baptist College of Health Sciences Campus Security department is organized under the Vice President, Business and Financial Services. The security department consists of a Lieutenant and six uniformed patrolmen. The department strives to provide

high quality security, safety and crime prevention services that meet the needs and standards of a progressive academic institution. The department is responsible for providing security and safety for the entire College community. Patrolmen provide security services consisting of limited access control, vehicular patrol, and foot patrol. These patrolmen do not carry firearms but they do have powers of citizen arrest. The Campus Security has close and highly effective working relationships with Tennessee state and Memphis city police, who can provide additional services to the campus in a timely fashion, if required. Incidents are reported to the Memphis Police Department when appropriate and in keeping with reporting requirements. Security officers are on duty 24/7 and make frequent driving and/or foot patrol of all campus property. The security officers are certified as private protective security officers by the state of Tennessee.

As previously noted, maintaining a safe and secure campus is not the sole responsibility of Campus Security. We encourage all individuals on this campus to be conscious of their surroundings and assist in making security and safety a matter of routine in their activities. It is the responsibility of each student and employee to report actions which are or appear to be suspicious, or threatening, or have the potential for violence. This information is to be reported immediately to Security through the Front Desk (572-2468). In the event a situation poses immediate danger, individuals are to call 911.

Security personnel are available at designated times for escorts to campus buildings and automobiles.

## **SECURITY AND SAFETY PROCEDURES**

The primary goal of the Baptist College of Health Sciences Campus Security is to maintain a safe and secure campus for all students, faculty, staff and visitors. Members of the College community have a number of opportunities to learn about campus security procedures and the prevention of crimes. Campus Security works closely with various student organizations, administrative offices and the Department of Student Services to maintain a secure environment and encourages all students, employees and visitors to be vigilant about their own security and safety.

It is the policy of Baptist College of Health Sciences to encourage all members of the College community to immediately report all criminal acts, suspicious circumstances/ persons and all emergencies to Campus Security located at the campus main entrance. Reporting may be done in person; by telephone from on-campus phones by dialing 22468 or by telephone from off-campus phones by dialing 901-572-2468. Campus Security provides highly visible uniformed security patrols in marked vehicles, and on foot. Criminal actions may also be reported to any professional staff member of the College. Victims of crimes are encouraged to report these matters to the police.

Campus Security makes every effort to prevent crime and maintain order throughout the campus. Security officers have the ability to request an immediate response of fire apparatus, rescue vehicles or police as warranted by the situation.

Department personnel work closely with and assist the police whenever a serious incident occurs, or when an arrest on campus is warranted. Incidents requiring Campus Security and/or Police Officer response may result in criminal charges, College judicial action, or both.

In addition to maintaining a close relationship with local law enforcement agencies related to incidents occurring on campus, Campus Security maintains routine contact with these agencies regarding activities off campus that could adversely affect the College and its community. Also, frequent dialogue is maintained with other college departments regarding matters of mutual interest.

## **CAMPUS PHYSICAL SECURITY**

Students and employees are issued identification badges and these badges are required to access all campus buildings and parking lots. The identification badge is to be worn on the upper torso where it can be easily seen.

Hours of building and parking lot access have been defined.

### **Building Access**

#### **A. Main**

M–F	5:45 am – 10:30 pm
Sat	5:45 am – 6:00 pm
Sun	12:45 pm – 6:00 pm

#### **B. Science Building**

M–F	5:45 am – 10:30 pm
Sat	5:45 am – 6:00 pm
Sun	12:45 pm – 6:00 pm

#### **C. Annex**

Student Center	24/7
----------------	------

#### **Education Area**

M–F	5:45 am – 9:30 pm
Sat	5:45 am – 6:00 pm
Sun	12:45 pm – 6:00 pm

#### **D. Nursing Building**

M–F	5:45 am – 10:30 pm
Sat	5:45 am – 6:00 pm
Sun	12:45 pm – 6:00 pm

### Library Access

M–F	7:30 am – 10:30 pm
Sat	7:30 am – 6:00 pm
Sun	1:00 pm – 6:00 pm

### Parking Access

#### A. Lots B, C, & D

5:45 am – 10:30 pm	M-F
5:45 am – 6:00 pm	Sat
12:45 pm – 6:00 pm	Sun

#### B. Lot A

24/7 Access for:	
Resident Students	
Executive Council	
Designated Staff	
5:45 – 10:30 pm	M-F
5:45 am – 6:00 pm	Sat
12:45 pm – 6:00 pm	Sun

Vendors and guests must sign in and are given a temporary identification badge if visiting campus buildings. Upon completion of the visit, the badge is returned. Guests are to be escorted at all times while on campus.

Faculty and staff members must sign in and out of the Main Campus building after 4:30 p.m., weekends, and holidays.

Closed-circuit television monitors in place at the front desk and the security office allow viewing the interior entrance areas of the Main Campus building and the Student Center Annex Building and the exterior of all buildings and parking lots.

All student housing is located within the Main Campus Building. Both single and double rooms are available based on student request and availability. Women are housed on the third and fourth floors and men's rooms are on the fifth floor. Each double room has two desks with chairs, two twin beds, two sets of drawers and ample closet space for two. Private rooms have one twin bed, a desk and chair, two sets of drawers and ample closet space. All rooms have a private bathroom, telephone line and internet access. Prepaid calling cards or cell phones must be used for long distance calls. Students are issued individual keys to their rooms and are encouraged to keep their doors locked at all times. With the atrium design of this building, there are no windows in rooms which open to the outside. Per local fire code, students are not allowed to use non-school issued furniture, such as bed frames and mattresses.

Room assignments are made on a first-come, first-served basis with priority given to full-time students from outside the Memphis area. Students must agree to abide by all rules and regulations governing the Residence Hall in order to be accepted for residence

privileges and must be registered for college credit at the Baptist College of Health Sciences. Married students are not eligible for housing. Requests for roommate changes are submitted to the Manager of Student Services.

The main access doors to the residence areas are required to be locked 24/7, thereby providing students reasonable safety, security and privacy. Students use magnetic identification cards to access these doors. Visitation hours in the Residence hall are from 12:00 noon to 10:30 pm daily. Guests must sign-in at the front desk and leave a valid driver's license or photo ID while in the building. Guests are housed in the residence only in rare instances (e.g. inclement weather) and with the approval of the Manager of Student Services.

There are three full-time and three part-time Student Services Coordinators who provide 24/7 coverage at the front desk in the Main Campus Building. All of these employees received orientation training and complete the annual safety and security training required of all employees. Components of this training include emergency preparedness, fire safety, and general safety, standards of conduct, information security, alcohol and drug information, and confidentiality.

There are six full-time security officers plus a supervisor who provide 24/7 coverage for the College. All of the security personnel complete the state of Tennessee firearm training and are certified as private protective security officers. In addition, they all hold armed security, chemical agent, and baton certification. Security personnel also complete the annual safety and security training for employees.

Students in College housing are provided a handbook which describes the requirements and expectations of living on campus. All residents sign a housing agreement prior to moving in the Resident Hall. Resident Assistants monitor each hall and hold regular hall meetings.

The only holiday or break period in which students are required to vacate the residence is from the end of the fall trimester until the beginning of the spring trimester. During other break periods, such as between trimester and Thanksgiving holidays, residents are required to sign in and out on a log at the front desk. Anytime students are in the residence there is 24/7 coverage by security and front desk personnel.

## **CAMPUS SAFETY TIPS**

Although the crime rate at Baptist College of Health Sciences is very low, students are encouraged to be alert and use common sense to protect themselves and others from becoming victims of crime. These safety tips are provided for students:

- Take the safest route to and from campus, not the fastest route.
- Travel in groups of two or more at night and always walk in well-lit, heavily traveled areas.
- Stay on the part of the sidewalk that is farthest away from shrubs, dark doorways, and alleys.
- Share your class schedule with friends and family, effectively creating a buddy system.
- When you go out, let someone know where you are going and when you plan to be back.
- Know where the emergency telephones are located.
- Wherever you are, stay alert to your surroundings and the actions of people around you.
- Follow your instincts. If something doesn't feel right, change directions, go to an emergency phone or into a public building, or call Campus Security 901-572-2468.
- Do not leave your belongings unattended, even for a few minutes.
- Avoid displaying large amounts cash or other tempting targets such as jewelry or expensive clothing.
- Always lock your car and keep valuables out of sight. Check the back seat before getting in.
- Park in well-lit, well-traveled areas of the parking lot.
- Memorize the phone number of the Campus Security (901-572-2468).

Crime prevention programs begin with College orientation and are routinely conducted throughout the year. Crime prevention education programs for resident students begin upon their arrival and continue throughout the year. These programs range from indoctrination on rules, regulation and policies to routine "floor meetings" with Resident Assistants.

Throughout the year, various brochures and advisories are published to remind students and employees of means to promote their own security and safety.

## **TIMELY WARNING NOTICES**

In order to aid in the prevention of crimes, the Vice President, Business and Financial Services (or designee) will issue timely warnings, via electronic format regarding crimes described in the regulations or other incidents considered to be a threat to students. If a crime occurs that fits the classification within this policy and a timely warning notice is not issued, the reason is documented and maintained on file.

## **REPORTING CRIME AND OTHER EMERGENCIES**

For the purpose of complying with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, campus security authority is defined as (1) a campus law enforcement unit; (2) an individual or organization specified in an institution's statement of campus security policy as the individual or organization to whom students and employees should report criminal offenses; and (3) an official of an institution who has significant responsibility for student and campus activities, but does not have significant counseling responsibilities. Those officials at Baptist College of Health Sciences who have significant responsibility for student and campus activities, but do not have significant counseling responsibilities include the following:

- Members of the Baptist College of Health Sciences Campus Security department.
- The President, the Vice President, the Provost, and the Academic Deans who do not have significant counseling responsibilities other than those which are academic in nature.
- Dean of Student Services and Student Service Managers with significant responsibility for student and campus activities.
- Directors in the organizational area of Administrative Services with significant responsibility for employment and employee relations.
- Advisors to student organizations.

The College implements a confidential reporting system, if warranted, for the purpose of recording annual crime statistics. Counselors, at the time of in-take with the victim, routinely discuss Judicial/Administrative options that include College Campus Security, Police and Judicial Affairs.

The College Counselor and Director of Campus Ministries inform counselees of procedures to report crimes in a voluntary confidential manner if appropriate.

Annually, information is requested in writing from campus security authorities and the local police department to be combined into the annual crime statistics report for the campus. Crime statistics are gathered and reported to students, faculty, staff and the Department of Education no later than October 1 of each year. These statistics are also available to prospective students, faculty and staff.

The Campus Security department also maintains a crime log of all incidents on campus. This crime log is available upon request.

## **SEXUAL ASSAULT**

The College is committed to the safety and security of the students in our campus community. It is the college's intent to provide appropriate support and information to any student who may be a victim of sexual assault.

The college educates the student community about sexual assault through mandatory orientations for new students entering the college each fall and spring trimester. Additional information and education is available through the Office of Student Services. The Memphis Police Department also offers sexual assault education and information programs to college students and employees upon request.

If you are a victim of a sexual assault, your first priority should be to get to a place of safety. You should then obtain necessary medical treatment. It is also important to make an informed decision of whether or not to report the assault. While it is your choice, the college strongly recommends that any victim of a sexual assault report the incident in a timely manner to Campus Security and to college authorities through the Dean of Student Services. Campus Security can be reached by calling 901-572-2468, and the Dean of Student Services at 901-572-2662. If you wish to have assistance from a member of the college staff in reporting the incident to law enforcement officials, college personnel will assist in notifying authorities.

Please note that filing a police report of the incident with Campus Security is a separate step from choosing to prosecute, and does not obligate the victim to continue with legal proceedings or college disciplinary action. The Memphis Police Sex Crimes Unit, which is specially trained to assist in cases involving sexual assault and the special needs of victims, is also notified. Again, this does not obligate the victim to prosecute, but provides valuable assistance from individuals specially trained to assist victims in the event of a sexual assault.

Time is a critical factor for evidence collection and preservation. Therefore, it is important that a victim of a sexual assault does not bathe, douche, or change clothes.

Whether or not you choose to report, you should seek medical treatment and/or counseling for the following reasons:

- To ensure that you receive any necessary treatment and tests, and to minimize emotional and physical trauma
- To provide the opportunity for collection of evidence helpful in prosecution which cannot be obtained later
- To assure access to free confidential counseling from counselors specifically trained in the area of sexual assault crisis intervention

Crisis intervention and counseling for sexual assault victims is available through the Memphis Sexual Assault Resource Center at (901) 272-2020. Services provided through MSARC include:

- Emotional, legal, and medical support
- Collection of physical and material evidence
- Emotional support to family members
- Equitable access to the criminal justice system
- Court escort service

Counseling is also available through the college's counselor, who is available on campus Monday through Friday during regular business hours at (901) 572-2660, and can be paged after hours through the main desk. In addition, CONCERN, an off-campus counseling service, is also available to students as a resource at (901) 458-4000.

The victim of a sexual assault may choose for the investigation to be pursued through the criminal justice system and the college's disciplinary process, or only the latter. The Dean of Student Services has the discretion to suspend a student accused of sexual assault, pending further investigation.

Both the person filing the complaint and the person accused have certain rights in the college's disciplinary process. This includes, in part, that the victim and the accused will each be allowed to choose one person who has no formal legal training to accompany them through the hearing. Both the victim and accused will be informed of the outcome of campus disciplinary proceedings, including any sanction that is imposed.

A student found guilty of violating the college's policies in regard to sexual assault could be criminally prosecuted, and may be suspended or expelled from the college on the first offense.

Student victims have the option to change their academic and/or on-campus living situations after an alleged sexual assault, if such changes are reasonably available. Examples of such accommodations would include requesting a room change, terminating a housing contract to seek off-campus housing, or changing to a different section of a scheduled course.

### **Contact Information**

Campus Security	22468 on campus, or (901) 572-2468
Dean of Student Services	22662 on campus, or (901) 572-2662
Sex Crimes Unit, MPD	(901) 545-5330
Sexual Assault Resource Center	(901) 272-2020
College Counselor	22600 on campus, or (901) 572-2660
CONCERN	(901) 458-4000

## **OFF-CAMPUS STUDENT ORGANIZATIONS**

Baptist College of Health Sciences does not recognize any off-campus student organizations.

## **MAINTENANCE OF CAMPUS FACILITIES**

Campus Security works closely with the Departments of Maintenance of Operations and Student Services to provide a safe and well-lit campus. Further, security officers monitor campus lighting to enhance security. Additionally, administrative members of various departments routinely conduct surveys to assess the operability and adequacy of lighting throughout the campus. The Department of Maintenance/Operations maintains the ability to respond on a 24-hour basis to correct significant discrepancies related to safety and security. This response facilitates prompt repairs to building and room access equipment, fire and safety equipment, lighting and other deficiencies that present an immediate risk to the College community. Utilizing portable radios, patrolmen are able to notify the main desk regarding situations requiring the immediate attention of the Maintenance/Operations Department.

## **DRUG AND ALCOHOL POLICY**

### **Student: Zero Tolerance**

Baptist College of Health Sciences strives to create an environment, which promotes the health and wellness of students, and to provide for safe and effective care to clients by students who are drug and alcohol free. It is the intent of Baptist College of Health Sciences to establish and clearly communicate a drug and alcohol policy based upon a philosophy of Zero Tolerance with the end result that all students be free of any chemical impairment.

Students are prohibited from being under the influence of illegal drugs, unprescribed controlled drugs, alcohol or inhalants while in the classroom, the clinical setting, on campus, or while participating in Baptist College of Health Sciences sanctioned or sponsored activities. For the purpose of this policy, "campus" includes any and all sites associated in any way, either directly or indirectly, with Baptist College of Health Sciences, Baptist Memorial Hospital and/or Baptist Memorial Health Care Corporation. Students taking any prescribed or over-the-counter medications which may alter their ability to function in a competent manner while in the classroom or the clinical setting must report their medication use to their respective instructor (s) prior to entering the setting.

It is the intention of Baptist College of Health Sciences to test students in an unbiased and impartial manner. Testing may be done for any or all of the following reasons:

- Randomly throughout enrollment
- Reasonable suspicion

## Post-incident/unusual occurrence

If at any time a student refuses to submit to testing during the random or reasonable suspicion screening, that student will be considered to be in violation of College policy and will be administratively dismissed from the College. If at any time during the random screening a student fails to report to the collection site at a designated time, that student will be subject to further disciplinary actions, up to and including dismissal from the College.

The Student Handbook gives additional information regarding the Zero Tolerance Drug and Alcohol Policy. Appendix A of this report outlines federal penalties and sanctions for illegal trafficking and possession of a controlled substance. Appendix B outlines the health risks associated with the use of illicit drugs and alcohol. And Appendix C lists local resources that are available for drug and alcohol prevention and treatment. Additional information can be obtained by contacting the Higher Education Center for Alcohol and Other Drug Prevention directly:

The Higher Education Center for  
Alcohol and Other Drug Prevention  
Education Development Center, Inc.  
55 Chapel Street  
Newton, Massachusetts 02158-1060

Phone: 800/676-1730  
E-mail: HigherEdCtr@edc.org

## Employees: Drug and Alcohol Free Workplace (Fitness for Duty)

Employees are prohibited from being under the influence of illegal drugs, unprescribed controlled drugs, alcohol or inhalants while in the classroom, the clinical setting, on campus, or while participating in Baptist Memorial College of Health Sciences sanctioned or sponsored activities. For the purpose of this policy, “campus” includes any and all sites associated in any way, either directly or indirectly, with Baptist Memorial College of Health Sciences, Baptist Memorial Hospital, and/or Baptist Memorial Health Care Corporation.

## **Definition and Expectations**

Fitness for duty is defined as reporting for work and performing job duties safely and appropriately without any adverse effects due to the use of drugs, including alcohol. Drug violations off campus also render an employee unfit.

## The College Prohibits the Following:

- \* Reporting to work under the influence of alcohol, illegal drugs, any other controlled substances or prescription drugs not medically authorized or used in a non-prescribed manner.

## **Community Resources for Drug Prevention and Treatment**

* Al Anon	278-5953
* Alcoholics Anonymous	454-1414
* Charter Lakeside	377-4733
* Cocaine Anonymous	725-5010
* Memphis Alcohol & Drug	274-0056
* Memphis Recovery Center	272-7751
* Narcotics Anonymous	276-5483

## **The National Council on Alcoholism and Drug Dependence**

<http://www.ncadd.org/facts/index.html>

## **WEAPONS**

As provided in Tennessee Code Annotated 39-17-1309, any unauthorized or illegal possession of, use of, or wearing of firearms or dangerous weapons of any kind is not permitted on Baptist College of Health Sciences property. State law prescribes a maximum penalty of six (6) years imprisonment and a fine not to exceed three thousand dollars (\$3,000) for carrying weapons on school property.

Weapons shall include, though not exclusively, the following:

- An explosive or an explosive weapon. Explosive weapon means any explosive, incendiary or poisonous gas bomb, grenade, rocket, mine, or shell, missile or projectile that is designed, made or adapted for the purpose of inflicting serious bodily injury, death, or substantial property damage.
- A device principally designed, made or adapted for delivering or shooting and explosive weapon.
- Any knife that has a blade which opens automatically by applied pressure, gravity, or inertia or other knives with a blade length exceeding four inches (4”).
- Any other device used for infliction of serious bodily injury or death which has no common lawful purpose.

Campus security officers do not carry firearms, but do carry batons.

Employees are prohibited possession of firearms, weapons, or other objects which have the appearances of being a firearm or weapon on College property. This prohibition also applies to employees traveling on official business for the College or who are conducting business on behalf of the College.

## **CRIMINAL CONVICTIONS**

Students are required to disclose criminal convictions other than minor traffic violations as a part of the College application process. Situations are reviewed on a case-by-case basis. Incumbent students were required to complete screening for criminal background data beginning in fall 2006. New admissions to the College will complete this screening beginning in fall 2007.

The Student Standards of Conduct document prohibits violation of state or federal laws(s) on or off campus. Violation of this prohibition can result in dismissal without appeal.

All employees complete screening for criminal background data as part of the employment process.

Both students and employees are screened annually for QIG/GSA violations.

## **HARASSMENT POLICIES**

Baptist Memorial College of Health Sciences is committed to fostering a positive and productive learning environment for students and employees. In keeping with this commitment, the college will not tolerate harassment of any sort based upon age, gender, race color, religion, national origin, handicap, or disability in the College environment. Harassment consists of unwelcome conduct whether verbal, physical, or visual that insults or shows disrespect toward a person's protected status as defined above.

The College strongly encourages students or employees who have experienced, witnessed, or have knowledge of any such behavior/conduct to report incidents immediately to their academic dean, supervisor, and a member of the College management team or to the Director of Administrative Services. This applies to students, co-workers, visitors, physicians, patients, customers, vendors, or any other individual with whom one comes in contact within the College environment.

These guidelines apply to all supervisory and non-supervisory personnel, faculty, students and all others within the College environment. Baptist Memorial College of Health Sciences will not condone harassment, reprisals, or violations of the spirit or intent of the law and is committed to take prompt, swift action to remedy any discriminatory practices.

## **SEXUAL ASSAULT RESPONSE**

Victims of a sexual assault crime are encouraged to immediately get to a place of safety and then seek medical treatment. They are strongly encouraged to report the incident in a timely manner. Campus officials will assist in contacting the Rape Crisis Center and counseling is available through the College Counselor or Director of Campus Ministries as well.

Sexual assaults reported to College security officers will be reported to the Memphis Police Department, in keeping with state law.

## **TENNESSEE SEXUAL OFFENDER REGISTRY**

Tennessee state laws enforcement agency information concerning registered sex offenders may be obtained at the following URL:

**[http://www.ticic.state.tn.us/SEX\\_ofndr/search\\_short.asp](http://www.ticic.state.tn.us/SEX_ofndr/search_short.asp)**

## **CRIME STATISTICS**

The following statistics represent those categories that are reportable under the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, and were reported to Campus Security for the calendar year indicated. The Campus Security Act requires these statistics be reported annually, on October 1, for the three previous years.

The second chart provides College statistics for Group A and Group B offenses for the years 2006 through 2008 in Compliance with the Tennessee College and University Security Act.

Statistics are reported on the following three pages.

**APPENDIX A (cont.)**

**Federal Penalties and Sanctions for Illegal Trafficking and Possession of a Controlled Substance**

**Federal Trafficking Penalties (As of January 1, 1996)**

<b>Controlled Substances Act Schedule</b>	<b>Drug</b>	<b>Quantity</b>	<b>1st Offense</b>	<b>2nd Offense</b>
<b>I and II</b>	Others (law does not include marijuana, hashish, or hash oil)	Any	*Not more than 20 years *If death or serious injury, not less than 20 years, not more than life *Fine \$1 million individual, \$5 million not individual	*Not more than 30 years *If death or serious injury, life *Fine \$2 million individual, \$10 million not individual
<b>III</b>	All (included in Schedule III are anabolic steroids, codeine and hydrocodone with aspirin or Tylenol®, and some barbiturates)	Any	*Not more than 5 years *Fine not more than \$250,000 individual, \$1 million not individual	*Not more than 10 years *Fine not more than \$500,000 individual, \$2 million not individual
<b>IV</b>	All (included in Schedule IV are Darvon®, Talwin®, Equanil®, Valium®, and Xanax®)	Any	*Not more than 3 years *Fine not more than \$250,000 individual, \$1 million not individual	*Not more than 6 years *Fine not more than \$500,000 individual, \$2 million not individual
<b>V</b>	All (over-the-counter cough medicines with codeine are classified in Schedule V)	Any	*Not more than 1 year *Fine not more than \$100,000 individual, \$250,000 not individual	*Not more than 2 years *Fine not more than \$200,000 individual, \$500,000 not individual

**APPENDIX A (cont.)**

**Federal Penalties and Sanctions for Illegal Trafficking and Possession of a Controlled Substance**

Federal Trafficking Penalties - Marijuana (includes hashish and hashish oil) (as of January 1, 1996)

Description	Quantity	1st Offense	2nd Offense
<b>Marijuana</b>	1,000 kg or more mixture; or 1,000 or more plants	*Not less than 10 years, not more than life *If death or serious injury, not less than 20 years, not more than life *Fine not more than \$4 million individual, \$10 million other than individual	*Not less than 20 years, not more than life *If death or serious injury, not more than life *Fine not more than \$8 million individual, \$20 million other than individual
<b>Marijuana</b>	100 kg to 999 kg mixture; or 100-999 plants	*Not less than 5 years, not more than 40 years *If death or serious injury, not less than 20 years,	*Not less than 10 years, not more than life *If death or serious injury, not more than life

		not more than life *Fine not more than \$2 million individual, \$5 million other than individual	*Fine not more than \$4 million individual, \$10 million other than individual
<b>Marijuana</b>	50 to 99 kg mixture ----- 50 to 99 plants	*Not more than 20 years *If death or serious injury, not less than 20 years, not more than life *Fine \$1 million individual, \$5 million other than individual	*Not more than 30 years If death or serious injury, not more than life Fine \$2 million individual, \$10 million other than individual
<b>Marijuana</b>	Less than 50 kg mixture	*Not more than 5 years *Fine not more than \$250,000, \$1 million other than individual	*Not more than 10 years *Fine \$500,000 individual, \$2 million other than individual
<b>Hashish</b>	10 kg or more		
<b>Hashish Oil</b>	1 kg or more		

**APPENDIX A (cont.)**

**Federal Penalties and Sanctions for Illegal Trafficking and Possession of a Controlled Substance**

**Federal Penalties and Sanctions for Illegal Possession of a Controlled Substance**

**21 U.S.C. 844(a)**

1st conviction: Up to 1 year imprisonment and fined at least \$1,000 but not more than \$100,000, or both.

After 1 prior drug conviction: At least 15 days in prison, not to exceed 2 years and fined at least \$2,500 but not more than \$250,000, or both.

After 2 or more prior drug convictions: At least 90 days in prison, not to exceed 3 years and fined at least \$5,000 but not more than \$250,000, or both.

Special sentencing provision for possession of crack cocaine: Mandatory at least 5 years in prison, not to exceed 20 years and fined up to \$250,000, or both, if:

(a) 1st conviction and the amount of crack possessed exceeds 5 grams.

(b) 2nd crack conviction and the amount of crack possessed exceeds 3 grams.

(c) 3rd or subsequent crack conviction and the amount of crack possessed exceeds 1 gram.

**21 U.S.C. 853(a) (2) and 881(a) (7)**

Forfeiture of personal and real property used to possess or to facilitate possession of a controlled substance if that offense is punishable by more than 1 year imprisonment. (See special sentencing provisions re: crack)

**21 U.S.C. 881(a)(4)**

Forfeiture of vehicles, boats, aircraft or any other conveyance used to transport or conceal a controlled substance.

**21 U.S.C. 844a**

Civil fine of up to \$10,000 (pending adoption of final regulations).

**21 U.S.C. 853a**

Denial of Federal benefits, such as student loans, grants, contracts, and professional and commercial licenses, up to 1 year for first offense, up to 5 years for second and subsequent offenses.

**18 U.S.C. 922(g)**

Ineligible to receive or purchase a firearm.

**Miscellaneous**

Revocation of certain Federal licenses and benefits, e.g., pilot licenses, public housing tenancy, etc., are vested within the authorities of individual Federal agencies. *Note: These are only Federal penalties and sanctions. Additional State penalties and sanctions may apply.*

## **APPENDIX B (con't)**

### **Health Risks Associated with the Use of Illicit Drugs and Alcohol**

#### **Alcohol Effects**

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increase the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce

the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including severe anxiety, tremors, hallucinations, and convulsions. Alcohol withdrawal can be life threatening. Long-term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and the liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risk than other youngsters of becoming alcoholics.
