The main physical facility for Baptist College of Health Sciences is located at 1003 Monroe Avenue, Memphis, Tennessee. This facility contains 110,000 square feet with an atrium design. The Main building includes educational facilities and student housing, classrooms, gym, fitness center, racquetball court, student lounge, and an outdoor swimming pool. The Nursing Building houses a nursing laboratory with individual work areas for patient simulation. Science laboratories are located adjacent to the campus in the Annex Building, and across Madison Avenue in the Science Building. Computer workstations and printers are available in the library. The Residence Hall offers double and single occupancy rooms when available. At the main facility, a Security Staff member is on duty at the Information Center by the entrance 24 hours daily when residents are living on campus. Entrance to the building is by card access at all times. Security Staff patrol the academic and residential areas of the College and monitor surveillance cameras on the campus day and night.

Policies for Accessing the Main Campus Facility & Adjacent Parking Lot

4. Non-residents and guests must sign in at the Information Center at all times. A valid driver’s license or photo ID must be left at the Information Center while in the building. The College strives to provide safe and healthy learning and living conditions and to comply with all rules, laws, and regulations pertaining to the safety and health of its staff, students and visitors. It is each student’s responsibility to timely report all unsafe acts or conditions to a college official so that proper action can be taken to correct the situation. Residents must be accountable not just for their own safety, but for that of all residents.
Residence Hall Facility Facts

Facility
Baptist College of Health Sciences has 74 rooms available for housing. Currently the third and fourth floors are for women and the fifth floor is for men. The rooms are designated double occupancy. Occasionally, single rooms are available for an additional cost.

Application
Students may apply for housing by completing the Housing Application Form. The forms are available on-line at www.BaptistCollege.edu and can also be obtained in the Enrollment Services office. Questions can be addressed to the Director of Student Services & Housing at (901)572-2670.

New Room Assignments
Room assignments for new students are made on a first come, first served basis with priority given to freshman-status full-time students from outside the Memphis Metropolitan area which includes Shelby, Tipton and Fayette counties in Tennessee; Crittenden County in Arkansas; and DeSoto County in Mississippi. Second consideration is given to fulltime freshmen students from within the Memphis Metropolitan area. Third consideration is given to all other full-time students. Part-time students will be given final priority, except in the case of graduating seniors the trimester prior to graduation who do not need 12 hours to graduate. These seniors will be considered as full-time students for residence purposes. Students agree to abide by all rules and regulations governing the Residence Hall. In order to be accepted for residence privileges a student must be registered for college credit at Baptist College of Health Sciences for the term he/she is requesting housing. Students who do not abide by the rules will not be permitted to remain in the Residence Hall. Baptist College reserves the right to make all initial room assignments and to make any subsequent assignment changes or transfers deemed necessary.

Roommate Requests
Roommate requests must be mutual and made prior to room assignment notifications. Every attempt will be made to honor mutual requests. Final roommate assignments are made at the discretion of the Director of Student Services and Housing.

Room Changes
All students interested in changing rooms during the term need permission from the Director of Student Services and Housing. Students who request to change rooms will be required to explain the reason for their room change in writing.

Students making unapproved room changes without proper notification, approval, and paperwork will be fined $50.00 each and will have the proposed room changes negated.

Vacancies
Where there is a vacancy in a double room, the room must be maintained by the occupant in a manner that will allow another student to move in at a very short notice. Students who do not have a roommate for reasons beyond their control will have the option to find another roommate. If they do not find another roommate, we will assign one to the room as necessary to complete housing assignments. A roommate may be assigned at any point during the term or the student may be asked to move to another double occupancy room.
Reservation of Rights

Baptist College of Health Sciences reserves the right to: 1) assign applicants to available space in college housing, 2) alter any assignment at any given time, in the case of administrative or disciplinary action, and 3) deny the privilege of college housing to any student who has demonstrated behavior that significantly disrupts the residential community.

Application Fee and Damage Deposit

A nonrefundable application fee of $100.00 is due at the time of application for housing. A $250.00 damage deposit is required and due with the Student Housing Contract. Upon occupancy of a room by the applicant, the damage deposit will be held as until the student graduates or otherwise vacates the Residence Hall. The deposit remains until the student moves out of campus housing permanently at the end of the trimester. Students forfeit the Housing Deposit if they vacate a room after Move-in Day at any point during an academic term. Assessed damages, if any, will be withheld from this deposit, as will any other charges owed to the College and the balance will be refunded to the depositor. Students must follow and complete the move-out procedures in order to receive the $250 deposit refund. This includes vacating the room by the set Move-out Day and time. Students will be assessed $25 each day they have not completely vacated the room beyond Move-out Day.

Students are responsible for taking care of all Residence Hall property and for paying for any damage. Broken equipment or needed repairs are to be reported to the appropriate BAPTIST COLLEGE staff immediately.

Housing Contract

All students will be required to sign the Baptist College of Health Sciences Student Housing Contract prior to moving into the Residence Hall. The contract is held on file by the Baptist College housing staff and a copy is available to the student. This contract may not be terminated during the academic year. The contract is applicable through the full academic year, which is inclusive of both the Fall and Spring trimesters.

Housing and Hall Meetings

The student is required to attend hall meetings that are scheduled by the Resident Assistant for their hall and any other meeting scheduled by Resident Assistant’s, the Director of Student Services and Housing, or College Administration. Appropriate sanctions will be assessed if a student does not comply. If due to circumstances beyond their control a student cannot attend a hall meeting, that student is required to notify housing staff in writing 24 hours in advance of the meeting and make up that meeting by arranging for individual time with the Resident Assistant to obtain pertinent information.
In addition to all other immunizations required for entry into Baptist College of Health Sciences, Baptist College has a meningococcal (meningitis) disease requirement for all residential students through age 21. This vaccination is recommended by the Center for Disease Control. Residential students will need to provide proof of immunization for meningitis before they can check into the residence hall or be issued a key.

Because the Advisory Committee on Immunization Practices (ACIP) of the U.S. Centers for Disease Control (CDC) recommends that ALL college freshmen be informed about meningococcal disease and the benefits of vaccination and to reduce their risk for meningococcal disease be immunized, Baptist College has implemented this requirement.

Meningococcal disease is a rare but potentially fatal bacterial infection, expressed as either meningitis (infection of the membranes surrounding the brain and spinal cord) or meningococcemia (bacteria in the blood). Meningococcal disease strikes about 3,000 Americans each year and is responsible for about 300 deaths annually. The disease is spread by airborne transmission, primarily by coughing. The disease can onset very quickly and without warning. Rapid intervention is required to avoid serious illness or death. There are 5 different subtypes (called serogroups) of the bacteria that cause Meningococcal meningitis. The current vaccine does not stimulate protective antibodies to serogroup B, but it does protect against the most common strains of the disease, including serogroups A, C, Y, and W-135. The duration of protection is approximately 3-5 years. The vaccine is safe and adverse reactions are mild and infrequent, consisting primarily of redness and pain at the injection site lasting up to 2 days.
