

Student Health Insurance Information

Beginning Fall 2016, health insurance will no longer be an enrollment requirement for students attending Baptist College. In addition, the College will no longer offer a student health insurance plan after Summer 2016. Although it will no longer be a requirement, Baptist College continues to strongly recommend that all students maintain health insurance coverage. To assist students in securing insurance plans for themselves and their dependents, the following websites are being provided where students can obtain information on various health care exchange and “off-exchange” marketplace options for health insurance. Please note that this list is not exhaustive.
